### About Us

The Community Diversity Group (CDG) is a non-profit coalition of Centre County community members, businesses, Penn State employees, local governments, and local non-profit organizations. Our goal is to create a welcoming climate for all community members regardless of race, color, national origin, gender, ethnicity, sexual orientation or ability.

We provide Cultural Conversations, themed talks that engage community members around their lived experiences. This provides opportunities to mix, mingle and dialogue with diverse populations within our community. You're invited to bring your curiosity and connect more deeply with others. Join our listserv, visit our Facebook page or become a member.

The Cultural Empowerment of Women luncheon series is in its 10th year! CDG partners with AAUW State College [www.aauwstatecollege.org](http://www.aauwstatecollege.org) to provide social and professional networking around a topic suggested by our attendees. We hold one event every fall and spring. Please contact us to be placed on our evite list!

The Centre Women's Leadership Coalition is a non-partisan group of women (and men too) working toward fair representation. started in 2018. This group is dedicated to providing women and people of color with tools to serve as leaders throughout our Centre County communities on Authorities, Boards, and Councils.

We are excited to offer local businesses, governments, and non-profits our **Excellence in Customer Service** diversity training! This low cost curriculum offers best practices for attracting and retaining a diverse customer base. We offer classes a few times a year, as well as training tailored specifically to your business.
